

LEAN IN Malaysia

Hi there Lean In Community,

This here is our monthly newsletter post, where we like to welcome new members to the Lean In Community and make it easy to find out about some of the month's hottest topics and important events.

This month we celebrated the **International Women's Day** by recognizing the important contribution of women across the country to the well-being of their families and communities and in sustaining societies and economies. Over the decades, the objective of the Women's Day celebration has evolved and embraced culture and ethnicity to emerge as a celebration of appreciation, respect, and love towards women. In this regard, gender equality is a mission for both men and women. It starts from a better workplace that evaluates contribution and ability. It starts from the family where we put an equal expectation on our kids. And on this occasion, I applaud all women and ask everyone to recognize their contributions. It is time to unleash the fullest potential of women so that they can take their proper place in efforts to achieve a fair and equitable global economy.

Please make yourself at home and start exploring all the different areas of our Lean In Community. You can also find out about current and future events by checking out the information below. And we look forward to hearing from you.

With Love,

Becky Nguyen and Daisy Ng

Want to bring Lean In Malaysia to your organization?

Is this the year you drive progress and elevate your leadership development, diversity and inclusion and talent acquisition programs?

Learn how Lean In Malaysia can help make your organization a stronger, more equitable workplace.

Lean In Youth

Lean In Youth is kicking off the year with its first **Masterclass - Momentum: Getting Workforce Ready!**

Held on **April 27th**, the Masterclass is open to all students who are studying in a University in Malaysia; and will feature unique workshops for students to learn how to make their first foray into the workforce, and begin to design their life around that.

They will also have the chance to meet industry professionals and to network with them, as well as to build cross-university relationships with other participants.

Ultimately, the students will hopefully improve their confidence, communication skills, and gain clarity before they dive into work!

Recap: Lean In Malaysia Open Day 2019

Lean In Malaysia (LIM) held our inaugural **Open Day** on the **2nd of March 2019**. It was a great chance to showcase LIM.

A total of 200 attendees signed up for the event with almost 50 candidates being shortlisted for both associate and volunteer roles. The attendees learnt how Lean In Malaysia operates as an organization and gained insight into our yearly flagship programmes. There were booths set up to provide first-hand interaction and engagement with our committee members, facilitating better matching of passionate recruits to teams with aligned goals and/or skills required.

We would like to thank our venue sponsor, Fave, for making this event happen. Our gratitude also goes to Win Circle (SP Setia) for their commitment goes beyond incubating circle within their own country. They were at our Open Day, ready to lend a hand to others interested to start a circle in Malaysia.

Last but not least, we thank all of you who had attended our Open Day and brought with you an exhilarating energy. We cannot wait to roll out our programs with these newly recruited talented and passionate associates and volunteers coming onboard soon!

Highlights of International Women's Day

Open, Compassionate, Balanced Culture is what we experienced at #OCBC International Women's Day event. Thank you for inviting our Co-President, Daisy Ng, to #LeanIn.

Wonderful International Women's Day event with the dynamic team at Michael Page!
